

The DeluxeBed *by* Tempur-Pedic™

Scientifically engineered to improve your life.

Initially developed at NASA's Ames Research Center in the early 1970's, the original material was designed to relieve the pressure experienced by astronauts during liftoff. Swedish scientists spent a decade and millions of dollars in research before perfecting a new advanced formula, TEMPUR®. Hospitals were among the first to recognize the remarkable therapeutic benefits, comfort and support of the Tempur-Pedic® sleep system.

In a sea of stress, how you sleep defines your day and ultimately your life.

"We feel that the purchase of your mattress system has improved our overall quality of life."

Tempur-Pedic® Advantage

Exclusive scientific formula

The formula for TEMPUR® material is a trade secret known only to a handful of individuals. TEMPUR material is only made in our state-of-the-art production facilities using our proprietary formula and manufacturing process and is used exclusively in Tempur-Pedic® branded products.

NASA technology

In May 1998, TEMPUR was inducted into the US Space Technology Hall of Fame for outstanding achievements in adapting NASA space technology to promote better sleep and improve quality of life. TEMPUR is the only mattress recognized by NASA and certified by the Space Foundation.

Medically classified

The TEMPUR material is medically classified as a 'pressure-relieving' surface in hospitals and institutions. Recommended by over 30,000 medical professionals around the world, TEMPUR is recognized by many Canadian provincial governments. Hypoallergenic, CFC and Formaldehyde Free.

Unmatched pressure-relief

TEMPUR has a proven unique ability to support and distribute your body weight evenly across the surface of the mattress, effectively relieving pressure points, preventing pain and greatly reducing the need to toss and turn.

Undisturbed motion-free sleep

TEMPUR absorbs sleep-disrupting motion, providing individual sleeping surfaces, so you and your partner can sleep comfortably.

Customized comfort

TEMPUR conforms to each individual's every curve and angle, providing a customized sleep surface.

No flipping, rotating or turning

The Tempur-Pedic Swedish Mattress never needs to be flipped, rotated or turned.

Worldwide recognition

Available in over 70 countries, Tempur-Pedic products have been featured on Dateline NBC, CNN, Discovery Channel and various other news sources. Tempur-Pedic products have also been recognized by the Good Housekeeping, Consumers Digest and the Arthritis Society.
